# 1. Test Information

## 1.1. Test type

☒ Functional Test      ☐ Performance Test

## 1.2. System under test

System name:

**Efbet**

URI:

<https://www.efbet.com/>

Version:

January 16<sup>th</sup>, 2021

Short description of the system:

Brobet Limited Ltd. is a licensed Bulgarian online betting and casino gaming company under the Efbet brand. They are the main sponsor of the First Professional Football League in Bulgaria (named *First Professional League*, or now officially – *Efbet League*). The website *efbet.com* provides a wide selection of products that satisfy the various preferences of gambling lovers in several areas such as: slot games, live casino / roulette, poker, blackjack, baccarat etc., and sports betting in many markets, including virtual and eSports.

## 1.3. Test personnel

Name: Angel Marinski      Date: December 12<sup>th</sup>, 2021 – January 16<sup>th</sup>, 2022      Time/h: 40

Name: Alexander Stoilov      Date: December 12<sup>th</sup>, 2021 – January 16<sup>th</sup>, 2022      Time/h: 40

### **A small preface from the test personnel in regards to this documentation:**

*We decided to make every section and test case table begin on a new, previously not written on page. Although that makes the current document look heavy at first glance (60+ p.), we believe that such a structuration verdict is for the better, as it should help with the overall readability and searching through.*

## 2. Test Summary

### 2.1. Results

Total number of test cases:	<b>26</b>
Total number of test cases passed:	<b>24</b>
Total number of test cases failed:	<b>2</b>
Total number of bugs found:	<b>2</b>

## 3. Test Cases

### 3.1. Registration

**Special Instructions:** *None.*

<b>Test Case ID</b>	TC_Reg_000001	
<b>Description</b>	Tests the registration process, along with circumstances in regards to the website's politics in reference to acceptable registration information provided.	
<b>Applicable for</b>	IE6, Firefox, Google Chrome, Opera.	
<b>Initial Conditions</b>	The corresponding account, created in the testing process, ought to be deleted, since there could not be a duplicate account with the same information.	
<b>Test Step ID</b>	<b>Test Step Description</b>	<b>Expected Result</b>
1	Open the login page.	The Login page is loaded.
2	Click on "Регистрация".	The registration page is loaded.
